

Smart Energy Systems—Optimization Project Group Milestone 1 Rubric

| General Criterion | Criterion | Allotted Points | Received Grade | | | | | |
|------------------------|---|-----------------|----------------|-----|-----|-----|-----|----|
| | | | 100% | 80% | 60% | 40% | 20% | 0% |
| Quality of Information | The presentation comprehensively describes the optimal solutions. | 2.0 | | | | | | |
| | The insights obtained from the sensitivity analyses are clearly laid out. | 2.0 | | | | | | |
| Implementation | The formulated optimization problem is successfully solved. | 2.0 | | | | | | |
| | The sensitivity analysis is successfully implemented. | 2.0 | | | | | | |
| Presentation | The milestone is presented in a logical sequence, and coherent way. | 1.0 | | | | | | |
| | The presenter(s) demonstrate(s) full knowledge of milestone material. | 1.0 | | | | | | |
| Total | | 10.0 | | | | | | |
